

## Pre-Purchase Examination Options

*Our pre-purchase examination of your horse includes the following:*

### **Pre-Purchase Clinical and Moving Evaluation: \$250.00**

The clinical examination begins with a comprehensive evaluation of the horse's respiratory, cardiovascular, musculoskeletal and gastrointestinal systems. A thorough palpation examination of all the limbs, neck and back is also performed. During the moving evaluation, the horse will be examined at the walk and trot on a firm surface. The horse may also be lunged and/or observed under saddle at the walk, trot and canter in both directions. In addition, flexion tests of the forelimbs and hind limbs will be evaluated. *Please arrange for a competent rider and tack to be available for the exam.*

### **Digital Radiographic "X-Ray" Examination:**

Following the moving examination, the horse will proceed to radiographs.

- |                                                 |                                           |
|-------------------------------------------------|-------------------------------------------|
| - Hoof Radiographs (4 views): \$150.00 per foot | - Fetlock Radiographs (5 views): \$187.50 |
| - Hock Radiographs (4 views): \$150.00          | - Pastern Radiographs (4 views): \$150.00 |
| - Stifle Radiographs (3 views): \$175.00        | - Carpal Radiographs (5 views): \$187.50  |
- 

### **Digital Ultrasound:**

Ultrasound may be necessary when swelling, thickening or sensitivity of the tendons or ligaments is recognized during palpation of the limbs.

- First Limb: \$170.00
- Second Limb: \$85.00

### **CBC/Chemistry Blood Work: \$150.00**

This blood panel provides information concerning muscle enzymes, kidney, liver and other organ functions.

### **Drug Screening:**

This screening tests for non-steroidal inflammatory drugs such as Bute and Banamine as well as for steroids, short and long acting tranquilizers which may have been administered to the horse prior to examination.

- Pull and Hold Blood: \$15.00
- TOX Services: \$165.00
- Level II (Trusdale Lab): \$225.00

### **Upper Airway Endoscopy: \$110.00**

This provides visual examination of the upper respiratory tract. This testing is strongly recommended for the horse competing in Hunter classes or if any abnormal respiratory noise is noted.

### **Gastroscopy: \$200.00**

This provides visual examination of the esophageal tract along with inside of the stomach. This will show any signs of ulcer activity. *Please fast the horse for 16 hours prior to appointment time.*

### **Coggins (EIA) Test: \$37.00**

### **Health Certificate: \$30.00**

This is for a horse leaving or entering the state of Kansas.

---
